

SLEIGHDOGS

INTERNSHIP IN WEB APPS DEVELOPMENT

Prague & Berlin

Sleigh-dogs (sley'dawgz), *n.* A fast, fierce and powerful pack exploring new terrain and expanding horizons. The pack is a group of individuals that work as one. We are Sleightdogs. Experienced, motivated and success-driven individuals who operate as one united pack. Our goal? To lead our clients from "we want to innovate" to "this is our new digital product." We love to challenge and question everything we do. We believe that ownership, influence and trust are essentials. We don't bark – we bite.

We believe real world experience in addition to the studies is very important for the students' and fresh graduates' future career. We love to learn, we love to teach. Join us for very flexible internship in the field of frontend and backend web development.

We work with:

- PHP
- Symfony and Laravel frameworks
- JavaScript
- React
- NodeJS
- Wordpress
- CSS
- HTML

We can guarantee:

- Exciting work in an international environment with awesome colleagues
- The possibility to learn from and teach the pack
- A unique and flexible working time arrangement
- On site (Prague) or remote internship
- Experienced mentors
- Unique start-up experience
- Lot of fun with the pack

Do you want to learn from the best? Tell us ~ hello@sld.gs.
