

Join the Schindler Graduate Engineering Program!

The Schindler Graduate Engineering Program is a new exclusive two-year graduate program for top engineering talent from Slovakia and Hungary.

Set to start in 2021 at Schindler's campus in Dunajská Streda, Slovakia, the program offers the opportunity for a select group of graduates in technical fields such as Mechanical Engineering, Industrial Engineering, and Material Sciences to acquire professional experience within the Schindler Group, one of the world's leading engineering companies in vertical urban mobility solutions.

As part of this group of young top talents, you will embark on an exciting journey that will see you acquire hands-on work experience and gain insights into the different facets of Schindler's Supply Chain Europe business unit.

What to expect?

- Be part of a fast-paced multinational environment
- Rotate between different departments of Schindler's Supply Chain Europe (including Quality, Industrialization, Manufacturing, Strategic Purchasing, Costing)
- Interact with senior leadership
- Gain project-lead experience
- Work with passionate mentors dedicated to expanding your professional and personal potential
- Access job opportunities worldwide
- Develop both soft and hard skills through training
- Build your professional network
- A full-time job, with a competitive salary and an attractive benefits package

At the end of the program, you will have the opportunity to join the organization.

What will you need to bring with you?

- A Master's degree in any technical discipline, preferably Mechanical Engineering, Industrial Engineering or Material Sciences
- Fluency English, any other European language is an advantage
- Eagerness to gain first-hand real business experience
- A can-do attitude
- A curious personality

Are you a passionate and innovative graduate from Mechanical Engineering, Industrial Engineering or Material Sciences in 2020/2021 with an affinity to shape the cities of the future? Then join us and help us shape the skylines of tomorrow.

At Schindler, we believe our employees are our strongest assets. Their dedication makes cities better places to live and work.

If you want to find out more, get in touch with our HR Administrator Petra Kolníková (Phone +421 918 663 270) and send us your CV.
